

Monk's Resignation Causes Intense Excitement in Ottawa

Nationalist Wing in House of Commons May Be Outcome of Split—
Hon. Robert Rogers to Become Minister of Public Works
in Reorganized Cabinet.

Ottawa, Ont., Oct. 18.—With the definite announcement this morning that Hon. F. D. Monk had decided to resign his portfolio as minister of public works in the Borden cabinet, because he could not conscientiously support Premier Borden's naval proposition, there is intense excitement at the Capital. Throughout the morning the Premier has been in continual conference with his colleagues, and while Monk and Nantel were not at any time to be found in that office, it is generally conceded that not since the resignation of the late J. Israel Tarte from the cabinet of Sir Wilfrid Laurier has the resignation of a minister raised such an interesting political situation.

The resignation of the cabinet and the creation of a definite Nationalist wing in the House are two of the most important factors involved in Monk's action. Speculation also is rife as to whether Nantel, the minister of inland revenue, will ultimately follow Monk's lead.

It is contemplated that in the reorganization made necessary by Monk's resignation, Hon. Robert Rogers will step into Monk's position in the public works department. Hon. Dr. Hoche, who moved into the interior department, and T. E. Macbride, K.C., president of the Conservative Association of Montreal, will run in Hoche's place in a by-election, which will be made possible by the retirement of Louis Corbett, M.P.

ITALIAN THREATENS LIFE OF GOV. WILSON

He Declared He Would Get a Bullet, the Same as
Roosevelt Did.

Wilmington, Del., Oct. 18.—A large number of policemen were distributed among the crowd at the Opera house last night, when Governor Wilson spoke. "This was the result of a threat made by an Italian in 'what he said as Roosevelt was shot,'" the Italian, whose name is not known, but who has not been located, is alleged to have exclaimed: "Wilson is here today and he will get a bullet through him the same as Roosevelt did. I will get on him. I will shoot him myself, the——" according to Mrs. Hattie Whitson, who overheard the remark as she was leaving her place of employment yesterday.

MISS WYLIE IN TORONTO.

Suffragette Defends Militant Methods
Used in England.

Toronto, Oct. 17.—At the invitation of Trinity College Literary society, Miss Marjorie Wylie, of England, denounced the principles of her suffragette creed to a body of some two hundred student members of that organization. Miss Wylie prefaced her arguments with the declaration that she and her associates stand not only for the more obtaining for women of the franchise, but for social, political and moral equality with their help-mates, and they propose to have chiefly on the ground that they are reformers and that in the past all reformers had done these things.

DUCK SHOOTING IN HYDRO-AEROPLANE

Washington, Oct. 18.—Riding an army hydro-aeroplane and carrying automatic guns, Lincoln Beachey, the aviator, and Lieut. L. H. Hrehsten, U. S. A., went duck hunting on the marshes of the Potomac below Washington yesterday. Time and again the hunters swooped down upon the marshes, loosed away with their guns, and then skimmed the surface of the water to bag the game. They returned to the army station at Washington barracks before dusk, with their bags well filled.

COL. ROOSEVELT AGREES WITH WILLIAM J. BRYAN

That Campaign Activities Should Not
Cause Because of Attempted Assassination—Progressive Candidate Issues
Statement From Hospital.

Chicago, Oct. 18.—Campaign activities should not cease because of Col. Roosevelt's attempted assassination, so far as he is concerned, he said last night.

In a statement issued by Col. Roosevelt at Mercy hospital in answer to what Mr. Bryan said in his speech at Franklin, Indiana, he says:—

"I wish to express my cordial agreement with the many and proper statements of Mr. Bryan at Franklin, Ind., when in arguing for a continuance of the discussion of the issues at stake in the campaign."

Col. Bryan's statement.

"The issue of this campaign should not be determined by the act of an assassin, neither Col. Roosevelt nor his friends could ask that the discussion should be turned away from the principles involved. If he is elected president it should be because of what he has done in the past and what he proposes to do hereafter."

"It is, of course, perfectly true that in voting for me, or against me, consideration must be paid to what I have done in the past and to what I propose to do."

"Just it seems to me far more important that consideration should be paid to what the Progressive party proposes to do."

Right Would Be Continued.

"If I had been killed the right would have gone on exactly the same. Governor Johnson, Senator Beveridge, Mr. Strauss, Senator Brewster, Miss Jane Adams, Clifford Pincher, Judge Ben Lindsey, Raymond Hobbes, Mr. Prendergast and the hundreds of other men now on the stump are preaching the doctrine that I have been preaching and stand for and represent just the same cause."

"So far as my opponents are concerned, whatever could with truth and propriety have been said against me and my cause before I was shot, can with equal truth and equal propriety be said against me now and it should be said, and the things that cannot be said now are merely the things that ought not to have been said before."

"If my broken rib heals fast enough to relieve my breathing I shall hope to be able to make one or two speeches yet in this campaign. In any event, if I am not able to make them, the men I have mentioned and the hundreds of men like them will be stating our cause right to the end of the campaign and I trust our opponents will be stating their cause."

GOOSE LAKE BRANCH
OF C.N.R. COMPLETED

Announcement Made by District Engineer Fraser—More Accommodation Is to be Provided at C. N. R. Depot in the City.

Grading on the Goose Lake branch of the Canadian Northern railway has been completed and the outfit are being moved south to work on the line from Calgary southwards. The project of steel on this line is at all stages 247 eastward and about 27 miles remain to be laid to Moose.

This announcement was made to a public reporter by A. E. Fraser, district engineer of the Canadian Northern railway, on his return to the city this morning.

Regarding increased accommodations at the city depot in this city Mr. Fraser said he understood that plans had been prepared for this at the company's office in Winnipeg. More accommodation at the depot was badly needed and he anticipated that a move would be made before long.

Good progress was being made on the main line west of Edmonton. According to recent reports the number of men employed on the line is over 5,000.

There are about eighty teams at work on the C.N.R. line running east from Brudenbach and the right-of-way has been cleared for about sixteen miles. About twenty or twenty-five miles of the steel are expected to be laid on the line this fall.

Midvale Park Plote.

New Market, Ont., Oct. 18.—The Midvale Park Plote, 1,500 pounds for two-year-olds over five furlongs, was won today by the favorite C. Bower James' Charger, by Desmond-Venation, who started at 11 to 1. H. H. Hinton's Shotgun, 16 to 1, was second, and W. H. Hinton's Lovers, 5 to 1, was third.

J. J. Carlick Undergoes Operation.

Port Arthur, Oct. 18.—J. J. Carlick, M.P., had undergone severe and painful operation at Montreal for internal abscess. Operation performed by Dr. Garro, surgeon to the Vice-Royal Hospital. Mr. Carlick suffered much, but the operation is reported successful.

Pomander Walk, Baby Mine and Vaudeville in Theatres Next Week

Scene from "The Slave" at the Empire the last of this month.

As clever as she is winsome, and with vivacity far in excess of her size, Kiser Green, a flower like condition, and an admitted favorite wherever she goes, is the big highlight of another all-star Orpheum vaudeville bill, which opens at the Empire on Monday next with an afternoon performance, and which will hold the house there on Tuesday and Wednesday, playing matinee and night shows regularly during the time in the city.

Hawaiian Music is Vaudeville Feature

Tots Paka and Native Musicians Will Be Seen at the Empire Next Week — Kiser Green, Comedienne, Also Feature of the Bill.

As clever as she is winsome, and with vivacity far in excess of her size, Kiser Green, a flower like condition, and an admitted favorite wherever she goes, is the big highlight of another all-star Orpheum vaudeville bill, which opens at the Empire on Monday next with an afternoon performance, and which will hold the house there on Tuesday and Wednesday, playing matinee and night shows regularly during the time in the city.

Another clever comedienne on the big bill is Grace Bennett, of whom has been said that she is the most faithful delineator of Irish characters on the stage today. Irish characters have been a life study for this talented young lady, and in "Mrs. Murphy's Husband," "Tots Paka," as well as one of the principal roles in a love affair between an old lady of 58 and a youth of 22, she is irresistibly funny. The old lady happens to be the mother of a charming young man, and the amiable young man endeavors to win back the mother for her wealth and the daughter for herself.

The opportunity for individual situations, that this clever sketch offers are numerous, and Miss Bennett and Horace Murphy give a perfect performance and the comedy of the piece is fully sustained in their capable hands.

Presenting a striking and unusual act that never fails to receive the approbation it merits, "Tots Paka," a handsome Hawaiian girl, of age of the first royal families of these islands, is another feature of the bill. With a trio of men, Miss Paka introduces a program of Hawaiian music and songs that is full of the weird charm of the tropics. The little young Hawaiian also introduces the famous Hula Hula dance, which she first brought to America and presented at the Orpheum time some years ago, and after that she has been the most charming on the bill.

Another singular act that is receiving unusual attention from Eastern critics is that of David Kidd, a handsome young Scotchman, who presents an entertaining set of comedy songs. Kidd is making his first appearance in America, and is fast making good, his songs having that wholesome charm which has made the songs of the Scotch Highlands dear to treasure and often the world's delight.

A comedian first, and a singer afterwards and an expert in both stances, Edwin George manages to keep his audience in continual roar of laughter. Mr. George claims to be almost a juggler, but if he were not an expert he could never get the huge amount of fun out of the tricks he performs alone, and those who have seen him at work are unanimous on the point that it takes an expert juggler and an expert comedian to attempt to perform in this line.

Bordering on the sensational is the offering of the Omaha Tots, who give an exhibition of athletic efficiency that is seldom seen anywhere. Their bar trick is unusual both on their account of the number of bars they use and the number of new feats introduced. Although controversial, the Omaha boys were their apex on both sides of the Atlantic, and are as well known in British and European vaudeville circles as they are on this side of the water.

Dig lovers will be given a treat on the coming bill. Rayns is one of the most successful trapeze artists of the day before the public today, and with a few structural changes he offers an annual act of great merit. Two sensational stunts, entitled "A Risky Life" and "A Football Game," are introduced in this act, which sounds off a remarkably varied and pleasing programme of top-notch vaudeville.

Mr. Arthur Phoenix, J. M. Harris and Bernard Shaw are all engaged at the present time visiting plays for Charles Frohman. The new pieces will be produced simultaneously in London and New York.

Louis Parker and Character

Louis N. Parker, author of "Pomander Walk," is now fifty-nine years of age, but still retains the vigor of a young man. He was educated for a lawyer, and after several years of study and other manual work, he is now a member of the Bar of the Supreme Court of New York. He was director of music at the Episcopal School, New York, and in 1911 he resigned this post to devote himself to dramatic work. He has been in great demand as a translator and adapter of foreign plays. He has "Englished" a great many of the works of Shakespeare, Moliere, and other French dramatists.

"BABY MINE" AT LYCEUM

Margaret May's Comedy Will Be Offering of Winnipeg Stock Co. Next Week.

"Baby Mine" one of the most suggestive farces of recent years, will be the attraction at the Lyceum Theatre next week. The play fairly excites mirth, and the comical situations brought about by the deluded man, happy in the fond dream that he is a father, his wife's definition of joy at the unexpected news that instead of one he has two; and then the grand finale, when three or four wives are shown, who have been misled by the man, who has had to live all the time, go to make up a play that has seldom been equalled as a comedy for the stage.

The name will include Jack Westmore, as the young husband; Miss May, as the young wife; Mr. Leigh Rival, a new member of the company, as Jimmy Jinks, a friend of the husband; and Mr. Le Paige, Hatterbury, and the Misses Robinson, Stron and Gervin in supporting roles.

"Baby Mine" will be the most popular of the season, and the Lyceum Theatre management will announce that they have accepted the play, and have decided to inaugurate at this popular Wednesday matinee.

This play will go into effect on October 20th, with the production of the "Lion and the Mouse," and will continue all during the winter season.

"THE LION AND THE MOUSE" The announcement of the Winnipeg Stock Company, that on Monday, October 20th, they will offer "The Lion and the Mouse," the great American play, is a very timely one.

This production will be the largest ever made at popular prices in Winnipeg, and will be equal to a two dollar attraction seen here. The scenic art is now working on this production, and the scenery will be the best ever seen in the city.

Mr. Crisp will be seen in the role of John H. Harker, the money king, a character which is supposed to be the most successful of the day. He is not only a money king, but a Standard Oil magnate. Mr. Crisp has appeared in this character many times before, and it is supposed to be his very best effort. Miss Russell will have the role of Miss Harker, a part that is exactly suited to her, and Jack Westmore will be the son, and this will be the best opportunity he has had.

The management also wish to announce a Wednesday matinee, beginning with this play.

Henry M. Bernstein, the author of "The Thief," is engaged on a new play for the Lyceum Theatre.

Underman, and other French and German playwrights. Of Mr. Parker's original plays, the best known in this country previous to "Pomander Walk" were "Honey," in which "Tom Brown" and "Maid Adams" were great success, and "The Cardinal" in which E. B. Willard toured America, and "Honey" in which George Arliss starred.

Incidentally, it is a factor in the revival of the play in England. As master of York Palace, he supervised a series of spectacles that set a new standard for that sort of thing, and his new play "Honey" is a comedy of great deal of interest, in London today.

A STARTLING CHANGE IN ELEANOR HOBSON. The former Eleanor Hobson, now Mrs. August Belmont, was a visitor with her husband to one of the recent performances of "Tanya's First Play," at the Lyceum Theatre, in New York.

For hair is almost snow-white, and her countenance seemed to be far less expressive than it was at the time when she was one of the most widely favored stars in the United States. If the wife of America's foremost traction millionaire had been ill, no news of the fact would have been in the papers, but she certainly carries the outward indications of a state of health far from robust.

PAUL GILBERT IN "THE HAVOC" "Demotion" (which means) will have a chance to see what is registered of every critic in the city as a masterpiece of dramatic writing and acting. Reference is made to "The Havoc," which Mrs. Russell and company will present at the Lyceum Theatre October 20th. The setting of Mr. Paul Gilbert and members of his company is a masterpiece of technique and scenery. The play is a masterpiece of technique and scenery. The play is a masterpiece of technique and scenery.

MISS JEANNE RUSSELL. In "Baby Mine" at the Lyceum next week.

Theatrical Notes

"Ready Money" is packing theatres in the larger cities of Europe and America—London and New York. In both instances the receipts are running along at the rate of about \$10,000 a week. For a comparative business in metropolitan management, it is a fine record.

"Thought and Paid For" is nearing the end of its long run at William A. Brady's playhouse, and still so definite that its final night has been set. This is due to the fact that an offer as of some to the management that the growing volume of new productions must actually weaken the oldest play in town, the receipts unfailingly spring upward again. This serves to disturb calculations, but not to give those in interest. It is extremely unlikely, however, that such a state of things can continue perpetually, and "Thought and Paid For" is ready to step in upon short notice. For the cast of this dramatization the engagements include: Marie Favre, Alice Brady, Louise Hill, Gertrude Hepke, Beverly West, John Varney, Lynn Hammond, Carl Sauerman and others.

A theatre-going by the name of Regan went to the Lyceum company, objecting to the use of the title "General John Harker," the new Irish comedy to be staged next week, on the ground that there was a general by that name who served with distinction in the civil war. As if it were possible to select a common Irish name (John Harker) for a general, and then to have a general by that name who served with distinction in the civil war.

H. H. Warner is to have a new play this season, so is Viola Allen.

Louis N. Parker, author of "Pomander Walk," has written a new play in which Sir Francis Drake and good Queen Elizabeth are leading roles.

PAUL GILBERT IN "THE HAVOC" "Demotion" (which means) will have a chance to see what is registered of every critic in the city as a masterpiece of dramatic writing and acting. Reference is made to "The Havoc," which Mrs. Russell and company will present at the Lyceum Theatre October 20th. A Whimsical Play Is Pomander Walk

Charming Parody Comedy Will Be Seen at Empire Theatre Next Week.

If the careers of Jane Austen's novels had opened and Hugh Thompson's illustrations had realized out, they could hardly have given more delight than do their first cousins, who lived in "Pomander Walk," when the great King George ruled over Britain. Mr. Parker has written in "Pomander Walk," which comes to the Empire Theatre for three nights, beginning Thursday, October 24th, a comedy of manners in which all the characters possess refreshing respectability. No dissipated wives drag across the boards, no rancid emotions permeate the atmosphere. Whimsicalities take the place of vice, and savor only looks in at the Walk as it passes.

In the five little houses circling the elm and the crooked lawn on the bank of the Thames, live the community whose affairs add a kinder glow to the sunshines. A retired adulator, Mr. Peter Ambrose, and her sister, Pamela Pickett, widow of an adulator, Miss Ruth Pennington, and her sister, Barbara, boarded the baneful villain, Lord Fringle. The broad-brimmed family, clad in the distinction of a hyphenated name, added from numerous affairs of the heart, little else of importance happened.

H. H. Warner is to have a new play this season, so is Viola Allen.

Louis N. Parker, author of "Pomander Walk," has written a new play in which Sir Francis Drake and good Queen Elizabeth are leading roles.

PAUL GILBERT IN "THE HAVOC" "Demotion" (which means) will have a chance to see what is registered of every critic in the city as a masterpiece of dramatic writing and acting. City Council Do Not Welcome Applications With Open Arms.

COMMITTEE CHOSEN TO "DELVE DEEPLY"

Solicitor Springs Surprise With Reference to South Side Hospital.

Applications for hospital grants were not welcomed with open arms by members of the city council yesterday afternoon. Towards the close of the special meeting, which was called to discuss hospitals and their financial requirements, the aldermen had decided that it would be impossible to vote on the application for the South Side hospital, and were forced to adjourn the meeting.

What Would You Give For The Opportunities In Edmonton Ten Years Ago?

It is a familiar story—"Ten years ago in Edmonton I could have bought such and such a property for a mere trifle. But who could tell that Edmonton would grow that way? If I had known, you bet I would have scraped the money together by hook or crook and today would be independent." And the storyteller sighs over the opportunity that was his but to which he was blind.

There has been wonderful opportunities in Edmonton during the last two or three years and there are many around you who have taken advantage of them. Did you buy any of the property on Jasper Ave. in the West End of this city that has developed into such a High Priced Residential Section, or in the other portions of the City that has changed from a so-called chance into a valuable certainty? If you did you will be keen to repeat the good fortune that followed your previous investments. If you did not you will be asking, where are those opportunities now, or will they ever be repeated.

"EDMONTON IS AS FULL OF OPPORTUNITIES TODAY AS AT ANY TIME IN ITS HISTORY"

PAST EXPERIENCES MAKE THEM PLAIN TO ANYONE WHO WILL TAKE TIME TO THINK AND TAKE AWAY THE EXCUSE, "IF I HAD ONLY KNOWN." EVERY MAN BY EXERCISING COMMON SENSE AND JUDGMENT CAN FORECAST WITH CERTAINTY THE "COMING" SECTIONS OF THE CITY, AND SEIZING HIS OPPORTUNITY, MAKE INVESTMENTS THAT WILL BRING HIM RICH RETURNS.

H **WEST LAWN** **H**

Is The Big Opportunity Of To-Day

WEST LAWN, situated on Jasper Ave., between Alberta Ave. and Country Club, is right in the Residential Section of Edmonton, **THE WEST END.**

To the man of moderate means who wishes to build a home, **WEST LAWN** is the spot. **ALL LOTS ARE 50 FEET WIDE**, high, dry and level, and the price within his means.

\$200.00 per lot and up, Easy Terms

"ONE OF WEST LAWN'S FINE HOMES"

WEST LAWN fulfills all the conditions essential to a first-class investment, giving big returns upon outlay. It is low priced property in the **WEST END**, directly in line with the rapidly growing **RESIDENTIAL SECTION** of the City. Its early development is made sure with negotiations on foot for an electric railway to run directly through this property. **WEST LAWN** has at the present time Graded Streets, Sidewalks and Telephone service, and is close to Schools, Stores and Churches.

BULGARIAN AND TURKISH FORCES ARE ADVANCING

Great Battle Expected in the Vicinity of Pass Through Mountains of Macedonia.

RUMORS OF HEAVY FIGHTING ON FRONTIER

Thirty-five Greek Reservists Leave Edmonton for Their Homeland.

Thirty-five Greek reservists who have been residents of Edmonton for some time left the city Thursday night bound for New York, where they will ship for the front to take part in the war against Turkey.

The party left the south side by the nine train. At the depot there was an enthusiastic scene as the men left, their friends gathering around the train and bidding it the ringing of patriotic songs.

At the call of their country the Greeks cheerfully gave up their present lives here, despite the fact that for many of them it is a matter of hard saving to find the funds to enable them to immigrate to the place they have been here some of them have built up good businesses.

A Greek, who kept a pool room on North street, sold his place for half what it was worth in order that he might get away at once. Another one made a great sacrifice of a good store, being unable to find a purchaser, and sold his year over unconditionally to a peasant vendor.

Some of the Greeks, who were in a position to buy their own farms in New York, were supplied with the price of tickets by their fellow countrymen.

Advised of War Declaration.
London, Oct. 18.—Notification that Bulgaria, Serbia and Greece had declared war against Turkey, was given to the British foreign office today by the representatives of those countries.

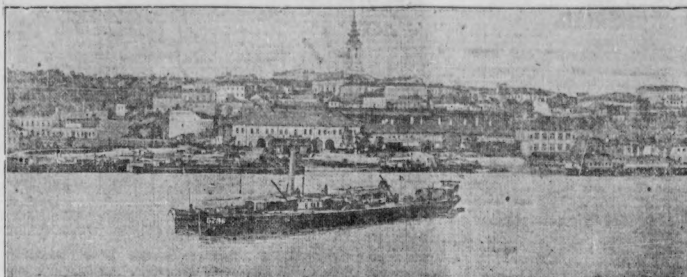

The only formally now lacking is the declaration of war by Turkey against Greece, which the Ottoman government has appeared reluctant to do. This little detail, however, is not delaying the movements of the various armies.

The Turkish and Bulgarian forces are both advancing and it is thought probable they will meet somewhere in the vicinity of Macedonia. One of the few passes through the mountains leading from Bulgaria to Macedonia. At the same time the Serbian army is on the way to Tokyo, where another battle is anticipated.

Many rumors are published of heavy fighting on the Bulgarian and Serbian front.

A report also has reached here from Ypres that the Montenegrin army has captured several Turkish positions in Montenegrin territory. The report has not been confirmed.

London, Oct. 18.—The whole of the

THE CITY OF BELGRADE, SERBIA.—To which, it is said, the Turks are advancing to capture as a prize in the war in the Balkans.

Turkish garrison of Buda, consisting of 4,000 regulars and 2,000 local troops, (irregulars) took flight in the night before the capture of the town by the Montenegrins, according to an official dispatch from Cetinje.

The Montenegrins pursued them and took a number of prisoners, and three dead ones. The pursuit was continued toward Buda.

Bulgarian Kings Call to Arms.
Sofia, Oct. 18.—A stirring proclamation to the Bulgarian nation has been issued by King Ferdinand. In it he recounts the sufferings of the Macedonian Christians and the efforts of the European powers to obtain better treatment for them, and finally says he has called his people to arms only after the patience of the Italian nation has been exhausted.

The proclamation opens with a reference to King Ferdinand's peaceful reign of 25 years, and says he had hoped it would have no continued, but Providence judged otherwise. The moment has come when the Bulgarian cause is caused upon to renounce the benefits of peace and to have recourse to arms for the solution of the great problem. Beyond the Rila and Rhodope mountains our brothers in blood and religion have not been able until this day, 33 years after our liberation, to obtain conditions of life that are bearable.

Tears of Balkan Slaves.
"The tears of the Balkan slaves and the groaning of millions of Christians could not but stir our hearts and the heart of our co-religionists."

Our love of peace now is exhausted. To secure the Christian population of Turkey there remains to us no other means than to turn to arms.

After the massacres of 1910 and 1911, and the satisfaction Turkey ordered the mobilization of her military forces our love of peace has thus been put to a rude test.

"The human sentiments of Christians, the sacred duty of securing their brothers when menaced with extermination, and the honor and dignity of Bulgaria have imposed upon us the important duty of calling to arms."

Appeal For Almighty's Support.
"Our work is a just, great and sacred one. With faith in the protection and support of the Almighty I bring to the assistance of the Bulgarian nation that this is a war for human rights."

I order the brave Bulgarian army to march on to Turkish territory. For every step that we have taken, we have a hand shake like an iron grip. He said with his back to the window, his hand raised on a pile of telegrams (he said).

Causes of Year's Slowing.
"It gives me pleasure that you are sent here to see things for yourself. The causes of this war are known. They are not things of day but of years. I tried my utmost to avert war, telling the powers that things would and surely if our just demands were not granted, Turkey irritated us to the last extremity, even building block houses on Montenegrin territory."

His Majesty discussed the allegations made against Montenegrin troops of burning houses and killing women.

"I have seen our men," he said, "and they are thoroughly disciplined, but the Malles and the Irregulars in isolated cases have done such things. I told a catholic great last night that I would hang anyone guilty of this in the future."

The face quivered as he continued: "When given orders for every Albanian to be registered."

"My soldiers are splendid," he said. "No one could say that mine are not. I am a soldier, greater than among my nation. Our discipline is perfect. The only unprincipled men among them are those who are impatient for battle and would throw themselves on the enemy's path."

ruined strength. He wore a long coat of pale blue, reaching to his knees, and jack boots over dark blue trousers. His red waistcoat, richly braided with gold, showed modish and king's insignia, while his round Montenegrin cap was set at an angle above his forehead.

"The medals," he said, smiling, after a handshake like an iron grip. He said with his back to the window, his hand raised on a pile of telegrams (he said).

The City Hall

Reporters in the Municipal World—How Edmonton and Other Cities Are Meeting Civic Problems.

Green and Blue Tickets.
Superintendent Woodford has written the city commissioners pointing out the way in which the privilege of school children and students in the use of "green tickets" on the street railway is being abused. He has suggested that in future children under 12 be sold green tickets at 12 for a quarter, good any time, and that "blue tickets" be sold students. These latter tickets will be good only in limited hours, and will be of no use on Saturdays or Sundays. Students wishing to purchase them would have to have a signed statement from the principal of the school they are attending. The commissioners will consider this matter next week.

Claims Damage to Property.
Mrs. Robert Mason, of 239 Government avenue, claims that the value of that property has been diminished owing to the filling in of the roadway. She states that before operations were begun by the city engineers' department, her lot was worth \$2,500, but that she doubts whether she could get that much now. She asks the city to pay for the difference between \$2,500 and the present market value of the property. City engineer Latourne is to investigate and report to the commissioners.

Worth \$25,000; Asks City to Pay.
Although Mrs. Emilie Wagner owns property at 424 St. James avenue worth \$25,000, she declares she is unable to have water and sewer connections put in as ordered by the health department. She is asking that the city pay for the work and charge it against her taxes next year. The health officer has not recommended that this be done.

Fires and Mud in the Water.
"Water for washing—clean water," is the plaintive cry of G. Lewis, of the Alberta Laundry company, 342 Second avenue south, in a letter to the city commissioners.

"We would like to call your attention to the water that we are getting," says Mr. Lewis.

"This matter has now reached a climax where we must appeal to the head authority to put it right. About three weeks ago we complained to the foreman that the water was thick with filth, and in response a man was sent up to fix a gauge in front of the meter."

But the meter, according to the laundry folk, answers no good purpose, as they are put to the trouble of opening the joint every few minutes to clean the gauge. Further than this, fifty pounds of mud were taken out of the main.

"Occasionally the fly past ceases only to be replaced by gravel or mud," continues the complaint. "Now we feel confident, were you given to realize what this trouble means, you

would immediately show some little compassion and have the trouble rectified. . . . In it our appeal." Time after time we have phoned, spoken in person in the forenoon, on the afternoon, received promises and yet nothing was done. We pay for good water, now we appeal to your sense of justice. Is it fair play that we should have to find a way to get clean water? For our money if the water is wrong, the whole work is wrong."

POWER POSSIBILITIES OF NORTHERN RIVERS

Conservation Commissioner's Engineer Says They Will Aid in Development.

Ottawa, Oct. 18.—That the rivers draining northern portion of Saskatchewan and Alberta possess splendid water power possibilities, which may be calculated to go far toward the development of the vast pulp wood and lumber resources of the Northwest, is the opinion of J. G. Evans, hydro-electric engineer for the Conservation Commission.

Mr. Evans has just returned from an extensive trip of investigation, commenced about the middle of June, since when he has travelled by canoe several thousand miles on the great rivers to the north. The purpose of Mr. Evans' trip was to add to the data which the commission has been preparing for some time past on the water power possibilities of Canada. Next year, Mr. Evans will in all probability proceed to investigate power possibilities of Manitoba.
